Ordinance

Refund Surplus Funds.

The Lunenburg County Board of Supervisors has been asked to refund certain funds that are being held by Lunenburg County that resulted from a surplus delinquent tax sale. The sale occurred in the Circuit Court of Lunenburg County in a matter styled The Board of Supervisors of Lunenburg County, Virginia v. The Heirs, etc., of Elizabeth Fitzgerald; Defendant; Case No. CI-08600055-00.

Virginia Code § 56.3-3967 authorizes the governing body of Lunenburg County to pay such surplus funds as they deem proper to the former property owners, or their heirs. The Board of Supervisors will authorize those surplus funds to be distributed to the lawful heirs of Elizabeth Fitzgerald, after the costs, expenses and fees of the law firm of Hawthorne & Hawthorne have been paid to Hawthorne & Hawthorne. Additionally, the expenses, costs and attorney's fees that Lunenburg County has incurred in this matter will be reimbursed to the County. Lunenburg County shall pay the total surplus funds to the Lunenburg County Attorney who then shall reimburse Hawthorne & Hawthorne, as well as Lunenburg County for the attorney's fees, costs and expenses that have been paid. After deducting these fees, costs and expenses, the County Attorney shall pay over the remaining surplus funds to Hawthorne & Hawthorne to be disbursed to the lawful heirs of Elizabeth Fitzgerald properly entitled thereto.
Mr. Billy Smith of VDOT provided his monthly report. He noted that the Route 712 Wallace’s Bridge project was on schedule. Mr. Smith advised that a snow equipment preparation day was held to get ready for the upcoming winter season. He added that crews are still performing pavement repair on primary and secondary roads.

Supervisor Slayton questioned if grass cutting was still occurring on primary and secondary roadways.

Mr. Smith replied yes; VDOT has three contractors working every day cutting along the roadway. Cutting should be completed at the end of the following week.

Supervisor Edmonds thanked Mr. Smith for the trash pickup along Route 40.

School Superintendent, Mr. Charles Berkley approached the Board with the school’s monthly reports. He advised that they have made it through a third of the school year. He provided the Board with resolution adopted by the School Board allowing an early pay date for the month of December for all employees and staff. He requested approval from the Board of Supervisors.

Supervisor Bacon made a motion, seconded by Supervisor Pennington and unanimously approved, to approve the below resolution declaring an early pay date of December 18, 2015.

Mr. Richard Watson of Modest Creek Road, approached the Board to discuss the Noise Ordinance Section 58-76 and its enforceability. Mr. Watson advised that a neighbor of his, a quarter mile away, is playing very loud music that contains numerous obscenities. He noted that he hears the music often from the distance of a quarter mile and there are other homes, with small children, that are closer to the home with the loud music. Mr. Watson called the Sheriff’s Office to report the incident. When the deputy arrived, Mr. Watson was informed that a request to turn the volume down could be made but the issue was not enforceable due to the fact the ordinance doesn’t specify a decibel level. He requested that the Board consider updating the noise ordinance so that it would be enforceable. He suggested that the Board consider using property lines as a measuring tool instead of decibels. Mr. Watson commented that the issue will only get worse if something isn’t done soon as more and more residents are moving into the county.

Supervisor Hoover commented that the Board has looked into this issue before.

County Attorney Rennie stated that the Supreme Court requires this type of measurement be in decibels. He added that the cost for each officer to have a tool to measure decibels would be very costly.

Supervisor Zava questioned if the laws covered vulgar language.

County Attorney Rennie replied yes; vulgar language is covered under a different standard.

Supervisor Hoover asked how the Board should proceed with Mr. Watson’s request.
County Attorney Rennie reiterated that some standards prohibit vulgar language. The issue arises when the charge is presented in court; the judge requires that the volume level be measured in decibels. He added that the cost of training and equipment to measure the level is very expensive.

Supervisor Edmonds suggested the Board allow County Attorney Rennie to research other possibilities of dealing with loud noise.

County Attorney Rennie noted that he will research the issue and bring information to the next meeting.

They suggested a higher partition be placed between the employees and visitors. Administrator Gee forwarded some options to Circuit Clerk, Mr. Gordon Erby for review. She added that updates will be costly.

The total price to include installation and signage would be $930 per site. Supervisor Hoover added that he believes this is a small price to pay to protect the $150,000 invest the County has in the new sites. He asked the Board to consider a motion.

Supervisor Edmonds requested that the Landfill Committee meet and review the proposal before a decision is made.

Mrs. Beverley Hawthorne, Landfill Liaison, provided her monthly report. She discussed the development of the Rocky Mill Site, noting that the compactors should be delivered the following week. Electricity will be turned on shortly after the compactors installation. She plans to close the smaller sites surrounding the new convenience center in the first few weeks of December. They would like each locality’s support to become a 501c(3) non-profit organization rather than being administrated by a governmental entity. Mrs. Hawthorne noted that this status would enable them to apply for more grants and enlist more members who are not governmental entities.

Supervisor Edmonds made a motion, seconded by Supervisor Bacon and unanimously approved, to approve the following resolution to support VA’s Retreat in becoming a 501c(3) non-profit organization:
The monthly Piedmont Regional Jail reports were provided. Administrator Gee advised that Superintendent Donald Hunter is doing an excellent job. She added that he is constantly bidding out for services to be sure the jail is getting the best deal they can. Administrator Gee informed the Board that two of the member counties are still working to get formal permission from their board to become a jail authority.

Supervisor Bacon shared information he learned at the recent VACo Conference regarding the use of inmates working in the county. He stated that Lunenburg needs a more regular program of inmates performing work around the Courthouse Complex and other needs of the county.

Supervisor Hoover suggested that Administrator Gee and Supervisor Pennington, as a PRJ Board member, talk with other PRJ Board members and the Superintendent about getting a regular program set up. He suggested that the county could hire someone to drive the inmates from the jail to the courthouse. He added that this small expense would help the county’s bottom line greatly if inmates worked in the community and at the courthouse. Supervisor Hoover stated that other jails have programs such as this in place and it is working very well. He questioned if the current issue with establishing a program was transportation.

Supervisor Pennington replied yes, adding that a certified officer would be needed to supervise the inmates.

Supervisor Edmonds said he would like to see this in place by the spring, when several outside projects will be needed.
